Featuring every major game, console, character and developer, the **GUINNESS WORLD RECORDS GAMER'S EDITION 2025** lists the **Top 100 Greatest Gaming World Records**, as selected and ranked by a panel of experts and records researchers.

This best-selling series – with over 5 million copies sold to date – celebrates the greatest achievements in videogaming by exploring the biggest-selling titles, the fastest speedrunners, the most prolific collectors, the highest-earning esports stars and the most critically acclaimed developers.

Aimed at generalist gamers and skewed towards younger readers, the **GAMER'S EDITION** offers up bite-sized nuggets of trivia, facts, stats and of course world records, covering the best-loved and most-played games, from arcade classics such as *Space Invaders* and *Pac-Man* via modern blockbusters like *Legend of Zelda*, *Pokémon* and *Call of Duty*, to the latest console and PC big-hitters – *Fortnite*, *Minecraft*, *Hogwart's Legacy* and *Starfield*. Plus, you'll get to meet every major gaming character: **Mario**, **Sonic**, **Lara Croft**, **Link** and many more.

The book kicks off with a review of the last year of gaming, summarizing the biggest news stories and a rundown of the big winners at the major videogame awards and conventions.

The Gaming team at GWR HQ also offers up its own series of winners in our first ever **Gamer's Edition Awards**, identifying our choice across categories such as **Best New Game**, **Best Esports Athlete** and **Best New Soundtrack**.

The main section of the book is our **Top 100 Greatest Gaming World Records**, selected by our team of experts to showcase the widest possible spectrum of gaming. All the key absolute records from gaming history are featured, giving a rounded view of the topic as seen through the lens of the superlative.

As well as the Top 100 records, a series of 10 special feature spreads take a deeper dive into some of the more popular and trending topics:

- Clicks 'n' Bricks: When gaming meets LEGO
- History of videogame spaceships
- Gaming in the Multiverse
- Fair play: Inclusive gaming

Gaming is now a ubiquitous part of modern life, with 97% of children and adolescents playing at least an hour a day*. The **GWR GAMER'S EDITION 2025** combines this passion for play with the rigour and accuracy of Guinness World Records... a partnership as successful as Ratchet & Clank, Mario & Luigi, Ryu & Ken or Sonic & Knuckles! It's time to level up!
