Four years ago, a masked slasher began stalking the streets of New York City.

Maniac Harry is inhuman, unkillable and unstoppable. Which is why the authorities' solution has been to ignore him, and let New Yorkers adapt to a world where death can strike at any moment. When Maniac Harry starts killing his way through the subway system, trauma-haunted political aide Gina Greene and disgraced NYPD detective Zelda Pettibone become determined to go rogue and destroy him. But how can they fight a monster when they can't fight City Hall?

From Coney Island to the Lower East Side, he's turning the pages of his life with the one he loved. The one he lost. NOT A NEW YORK LOVE STORY is a tale of emotions, grief and a love letter to a city like no other in the world.

Dream or reality? Julian Voloj's tale plays tricks on your mind and your emotions but never loses his way through a powerful but simple story about two people forever intertwined.

Andreas Gefe's art brings a mix of fine art and raw expressiveness with a muted color palette that puts New York at the center of the story.

NOT A NEW YORK LOVE STORY is not a romantic comedy. It's a drama, a tale of two lost souls with "the Big Apple" as its witness.

**An autobiographical account, in graphic novel format, of growing up in Cold War Alaska in the shadow of a nuclear arsenal.**

From the creator of the critically acclaimed graphic novel *My Degeneration: A Journey Through Parkinson's* comes an unnervingly funny tale of life in Alaska during the tensest times of the Cold War.

Peter Dunlap-Shohl grew up on the front lines of the Cold War in the 1950s and '60s, where residents lived in the shadow of a nuclear arsenal nine times the size of that of the Soviet Union. This graphic novel recounts the surprising and tragicomic details of the nuclear threats faced by Alaskans, including the Chariot project that was championed by Edward Teller and his "firecracker boys" in the late 1950s and early 60s; the near-nuclear-disaster caused by the Great Alaskan earthquake of 1964; and the 1971 test of a nuclear warhead on the island of Amchitka. Dunlap-Shohl shares the very real and very terrible consequences that these events and others had for humans and animals alike, all in the service of "atoms for peace."

Drawn with his characteristic editorial cartooning style, *Nuking Alaska* is a fast-paced and entertaining reminder of how close we came to total annihilation just half century ago, and how very relevant and frightening the nuclear threat remains to this day.

One of the best-known and most-translated works of free verse poetry ever published in the English language, *The Prophet*, by Lebanon-born Khalil Gibran, tells the story of the prophet Almustafa, who was banished from his homeland, and lived twelve years as a refugee in the fictional city of Orphalese. One day, as Almustafa prepares to board the ship that will take him home, he addresses a gathering of townspeople who have come to see him off. His parting words of wisdom about the human condition reveal him to be a man who sees deeply into the hearts, minds, and souls and his fellow humans.

Illustrated by Justin Renteria in a 1920s Ottoman-inspired style and adapted by A. David Lewis, this is a vibrant, authentic, and skillfully paced graphic novel that is faithful to the original text. It includes an imagined backstory about the enigmatic main character. Appearing 100 years after the original publication of Gibran's masterpiece, and at a time when entire groups of people are being forced to seek refuge elsewhere, this fresh and visually compelling rendering of *The Prophet* conveys the original work's bracing and
